

FISCAL NOTE

SB 2945 - HB 3370

February 23, 2008

SUMMARY OF BILL: Authorizes, rather than requires, dental service plan corporations to use commercially acceptably electronic means to maintain business records.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Assumptions:

- Currently, the Department of Commerce and Insurance requires companies to maintain records in a manner which can be examined.
- While some of the dental service plan corporations could keep records in a non-electronic manner, the records would have to remain in a manner that could be examined.
- Any cost to the Department of Commerce and Insurance can be accommodated within existing resources without an increased appropriation or reduced reversion.
